

Tim Cornett

Tim Cornett was born to Christian parents in Savannah, GA and was taught as a child to respect God and study His Word. At the early age of 16, Tim was called into ministry and attended Lee College to further his education. Later after marriage he returned to Emmanuel College to finish his ministerial training.

He is married to Betty Hill Cornett and they have one daughter, and two grandsons. Being in ministry for 40 years has carried them to over 80 countries preaching and teaching.

For 15 years, the Cornetts were pastoring three churches, and then in 1987 they returned to full time mission/evangelism. At this time in 1987 he was stirred in his spirit to enter into Eastern Europe to preach behind the Iron Curtain. Little did he realize that this is where the next 14 years till the present that the Lord would use Cornett Ministries in an extraordinary mission.

In 1999, property was bought for the Church and Bible College, and also a Ministry Center Building which would serve for the children and youth ministry, student dormitory, and guest quarters. In May, 2001, these buildings were dedicated and now the door has been opened to begin English classes and outreach programs in the surrounding area.

Tim was honored with a Doctorate of Divinity from Florida Beacon Bible College in May, 1993. This honor was attributed to his ministerial achievements plus humanitarian aid projects. Being a successful businessman for over 30 years, Tim has proven himself to be a good steward of God's work in the USA and abroad.
